CODE OF BEHAVIOUR

Rationale

The Code of Behaviour of St. Ultan's has been reviewed in order to:

- maintain and ensure the orderly climate for learning in the school.
- ensure that the existing policy is in compliance with legal requirements and good practice as set out in *'Developing a Code of Behaviour: Guidelines for Schools'* (National Educational Welfare Board, NEWB, 2008)
- as a requirement under the Education Welfare Act, 2000, Section 23 (1)

Relationship to the Characteristic Spirit of the School

As outlined in the mission statement the main aim of our school is 'to foster self-esteem, confidence and a positive self-image, thus enabling the pupils to become valued and valuable members of their communities'. We believe that pupils must be guided towards positive, responsible self-behaviour if they are to achieve their potential in all aspects of their development. We expect the highest standard of behaviour possible in this school. We will strive to engender good behaviour in a caring and positive environment. Our Code of Behaviour will be most effective where there is respect, openness and co-operation between staff, parents, guardians and pupils. We will maintain a close working relationship with all partners to ensure that the Code is understood by all and thereby works for the personal and social development of each and every student.

Aims:

The aims of the Code of Behaviour of St. Ultan's School are:

- To ensure an educational environment that is guided by our vision statement
- To allow the school to function in an orderly way to enable the children to make progress in all aspects of their development
- To create an atmosphere of respect, tolerance and consideration for others
- To promote positive behaviour and self-discipline, recognising the differences between children and the need to accommodate these differences
- To ensure the safety and well-being of all members of the school community
- To assist parents/guardians and students in understanding the systems and procedures that form part of the Code of Behaviour and to seek their co-operation in the application of these procedures
- To ensure that the system of rules, rewards and sanctions are implemented in a fair and consistent manner throughout the school
- To enable the students to be responsible for their own behaviour in a way that will enable them to live their lives happily and productively as adults.

Guidelines for Behaviour in the School

The school recognises the variety of differences that exist between children and the need to understand and tolerate these differences. However, as children learn best in a well organised and caring environment, they will always be guided and enabled towards the best behaviour possible to enable them to learn and develop to the best of their potential in this school.

The main principle guiding the Code of Behaviour in St. Ultan's is **RESPECT**. We expect our students always to:

- Show respect for each and every person in the school
- Show courtesy, good manners and a willingness to co-operate and help others
- Show respect and care for the property of the school, other children's and their own belongings
- Attend school on a regular basis and be punctual
- Do their best always in class
- Take responsibility for their own work and behaviour
- Keep the rules of the classroom and the school

School Rules

Each student must always do their very best to:

1. Treat each person in the school with respect
2. Show respect for property (no litter, no vandalism, belongings to be kept neat and tidy)
3. Co-operate with teachers, SNAs and classmates in doing work.
4. Complete all homework set by the teacher as best as you can
5. Attend school on time every day
6. Chewing gum is not allowed anywhere in the school
7. Mobiles phones and other electronic devices are not allowed in the school. If a pupil brings and takes out one of these items in school, they will be required to hand those over to a member of staff and parents/guardians will be asked to collect them from the school office. The school accepts no responsibility for the loss or damage to any phones or electronic devices if taken to school.
8. Dangerous play or 'mess fighting' is not allowed during break times
9. Bad, foul or inappropriate language and deliberate name calling is not allowed
10. Students may not leave the yard without permission.
11. Students must line up quietly when the bell rings.
12. Smoking or having cigarettes, lighters, alcohol or any other illegal substance is not allowed

These rules must be followed at all times in the classroom, on the yard and during all school trips and out-of-school activities

These rules must be followed at all times in the classroom, on the yard and during all school trips and out-of-school activities

Whole School Approach in Promoting Positive Behaviour

It is the responsibility of the school management and staff along with students and their parents/guardians to work together to create a positive school climate that will support and promote good behaviour. In achieving this objective each partner has their own role and responsibility.

Board of Management

The Board of Management has overall responsibility for the fair and consistent implementation of the Code of Behaviour. All serious matters regarding behaviour must be reported to the Board of Management.

Principal

The Principal has final responsibility for the day-to-day running of the school. He/she ensures that the implementation of sanctions is fair, equitable and appropriate. Any concerns with regard to behavioural issues must be reported to the Principal.

Deputy Principal

The Deputy Principal supports the Principal in the implementation of the Code of Behaviour. In the absence of the Principal he/she acts for the Principal.

School Staff – Teachers and Special Needs Assistants (SNAs)

All teachers are responsible for discipline within his/her classroom as well as the orderly assembly and dismissal of his/her class at break time and at the end of the day. Students are never left unsupervised in St. Ultan's School between 8:50a.m. and 2:40p.m. Teachers make students aware of the school rules at the beginning of each school year. Teachers of older classes guide students towards the agreement of class rules at the beginning of the school year. Teachers report concerns regarding students' behaviour to the principal as they occur.

SNAs liaise with and support the teacher at all times in the maintenance of discipline and a calm working environment in the classroom. They assist students in their care needs to enable them to work successfully to the best of their ability. All new members of staff are made aware of the Code of Behaviour when they come to the school. Matters relating to the Code of Behaviour are discussed at all staff meeting most particularly the first staff meeting of the school year.

Parents

On enrolment of their child, a copy of the Code of Behaviour will be given to parents/guardians who are requested to support the school staff in keeping the rules of the school. This can be done by:

- ensuring their child(ren) attend school regularly and punctually
- encouraging and helping their child(ren) to co-operate with the school's rules
- helping their child(ren) with their homework and ensuring that it is completed
- attending meetings in school as requested

The staff of our school always welcomes the opportunity to discuss with parents/guardians, any behavioural problems that may arise from time to time. With mutual respect, trust and goodwill these occasional problems are readily solved.

Positive Strategies

The emphasis in the school is on encouraging, highlighting and rewarding good behaviour rather than on punishing bad behaviour. At the same time it is no harm that parents/guardians are aware of the procedures used in the school and work with the school in ensuring that all children are happy at school.

These are amongst the strategies that are consistently used in this school to encourage good behaviour.

PRAISE, PRAISE, PRAISE, PRAISE

- A quiet word of approval to the student
- A word of praise in front of the class or group
- A reward system – stars, stickers, appropriate to the age and maturity level of the child
- A comment in student's copy or homework journal to show to parents
- A visit to the Principal or another member of staff for commendation
- Delegation of a special responsibility or privilege
- Special phone call or note to parents to report good behaviour

In the classroom

- Each class has ground rules that all students are aware of and that must be kept daily
- Students are involved in deciding the class rules at the beginning of the year/term

- Class rules are displayed on a chart in the classroom
- Award systems such as stars, treats, etc. are used to encourage good behaviour

Responses and Sanctions for Bad Behaviour

The purpose of sanctions is to encourage good behaviour and discourage bad behaviour. Sanctions are always administered with full regard of the students' age and particular special needs as well as the seriousness of the behaviour.

The following are sanctions that are used in St. Ultan's. They may not always be followed in this order. However, serious or continued bad behaviour will be treated with the more serious sanctions contained in this list.

- Quiet word with student or gesture/signal to stop bad behaviour
- Reprimand including advice on how to improve
- Ask the pupil the reason for their difficult behaviour and discuss alternatives
- Reminder of the class rules
- Time out
- Change position on class/Temporary isolation from group
- A longer discussion with pupil about behaviour away from the group
- Loss of privileges (e.g. no football, swimming) or extra duties or responsibilities
- Behaviour Contract
- Write out the list of school rules or the school rule that has been broken
- Detention
- Note in homework journal to be signed by parents
- Communication book to parents/guardians recording daily/weekly behaviour
- Phone call/chat to parent/guardian
- Recording of repeated bad behaviour and referral to principal
- Formal meeting with parents/guardians
- Suspension
- Expulsion

Students will not be deprived of any part of the curriculum except on the grounds of health and safety.

Occasionally, other prudent, unlisted steps or sanctions may be taken.

Initially, incidences of bad behaviour are dealt with by the class teacher. This includes talking to pupils about their behaviour and how they might improve. Discussion about behaviour and its' consequences also form a large part of the Social and Personal Health Education (SPHE) programme in this school at all class levels.

Teachers will actively promote good behaviour and aim to 'catch' reported offenders at activities where they can give positive feedback, thus promoting better behaviour. However, where these strategies have failed and where misbehaviour is more serious, it may be necessary to involve others including the principal, parents/guardians and the Board of Management. The principal and staff may also seek the assistance of NEPS, SESS, HSE or other agencies.

What are the misbehaviours in our school?

Misbehaviours may be regarded as being minor, serious or gross. Staff will always make a judgement on an appropriate sanction for the misbehaviour based on common sense, the age and special needs of the child.

Minor offences include:

- Interrupting class or talking out of turn
- Running in class/corridor
- Littering around the school
- Regularly coming to school late
- Not completing classwork or homework (without note from parent/guardian)

When a minor misbehaviour occurs staff will take the following steps

Step 1

- Quiet word/signal to stop
- Verbal reprimand
- Time out
- Note in journal to be signed by parent/guardian
- Discussing reason for behaviour with student and reminding them of class/school rules

Step 2 – If the minor misbehaviour continues on a regular basis

- Change position in the class
- Detention*
- Behaviour contract
- Removal of special privileges or duties
- Student sent to Principal/Deputy Principal
- Parents/guardians will be asked to come to school to discuss the issues

***Detention**

Detention is normally given for unfinished homework or classroom work or misbehaviour. It takes place during big break and is supervised by a staff member. Students' name, the date and reason for bad behaviour is recorded in the Detention

Book. After three detention periods, parents/guardians will be notified by class teacher and may be asked to come to the school to discuss the issues.

Misbehaviour on the Yard

Incidents of misbehaviour on the yard will be dealt with as follows:

The staff members on duty who notices misbehaviour will reason with the student(s) misbehaving. If no improvement occurs the following sanctions may be imposed:

- Misbehaving student(s) must accompany the teacher on duty as they patrol the yard
- Impose a 'time out' period (at the wall of the middle building) where the pupil(s) will be asked to stay until allowed to return to play.
- Inform the class teacher who may impose further sanctions depending on the misbehaviour
- Send the student to detention

Serious Behaviour

The following are examples of serious behaviour

- Constantly disruptive in class
- Telling lies
- Stealing
- Using bad or inappropriate language
- Answering back a staff member
- Being deliberately disobedient, disrespectful and unmannerly
- Damaging school or other person's property
- Bullying
- Deliberately hurting or endangering self or other pupils on the yard
- Leaving school premises without permission

Staff will take steps as outlined from Step 2 as above, but depending on the misbehaviour may proceed to the following steps when dealing with serious misbehaviour

- An account of all incidences will be entered in the students' incident sheet in the his/her file
- Parents /guardians will be invited to meet the teacher and/or principal to discuss the repeated behaviours

Suspension will be used as a sanction where all attempts at reasoning with a student have failed and where efforts of the school in consultation with the parents/guardians of the student have failed to achieve an improvement in the

behaviour of the student. Following verbal discussions a letter outlining items discussed will be sent to parents.

Communications to parents/guardians regarding the suspension of a student or the possibility of considering suspension as a sanction, will be in writing. (Copies of all correspondence will be retained.)

Gross Misbehaviours

The following are examples of gross misbehaviours

- Deliberately engaging in threatening violent or aggressive behaviour towards staff or other pupils
- Persistently engaging in activities that have been identified by staff as dangerous or inappropriate
- Leaving school premises without permission
- Bringing dangerous items or substances to school

When dealing with Gross Misbehaviour, teachers will inform the principal and chairperson immediately and suspension may be sanctioned.

Suspension

If a student misbehaves on a continuous basis, or there is a serious incident of misbehaviour, it may be necessary to suspend a student. Procedures for the suspension of a student are as follows:

- Parents/guardians are invited in writing to discuss the matter with the class teacher and the principal
- If the parents (and the student) do not give an undertaking in writing that the student will behave in an acceptable manner the student will be suspended.
- If the suspension is being invoked the parent/guardian will be informed of the terms of the sanction and the duration of suspension in writing
- The maximum period of the initial suspension is three school days
- A special decision of the Board of Management is necessary to authorise a further period of exclusion up to a maximum of ten school days to allow for consultation with the students' parents/guardians. In exceptional circumstances, the Board of Management may authorise a further period of exclusion in order to enable the matter to be reviewed
- Following or during a period of suspension, the parent/guardian may apply to have a student re-instated to the school. The parent/guardian (and the student) must give an undertaking that the student will behave in accordance with the Code of Behaviour of the school and the principal must be satisfied that the re-instatement will not pose a risk to the student's own safety or to that of the other students and staff and will not have a detrimental effect on

the education of the other students. The Principal in consultation with the parents/guardians, the class teacher and the student (if appropriate) will facilitate the preparation of a behaviour plan for the student, and will admit the student formally to the class.

- Where a satisfactory resolution of the problem is achieved, a student will be re-admitted to the school within a suspension period at the discretion of the chairperson of the board and the principal.

Expulsion

The Board of Management has the authority to expel a student in an extreme case (see *Developing a Code of Behaviour: Guidelines for Schools, pp.80 – 82, NEWB*) e.g. where repeated incidents of serious behaviour interfere with the educational opportunities of fellow students or where there is a threat to the health and safety of either students or staff. Where expulsion is considered the school authorities will have already tried a range of other interventions and will have formed the opinion that they have exhausted all possibilities for changing the students' behaviour. This sanction would be imposed under the terms of the Education Welfare Act (2000).

The above procedures with regard to the suspension/expulsion will comply with the Educational Act (1998). However in the event that a student becomes a danger to himself or others the parents/guardians will be asked to remove the child immediately – to allow time to put measures in place to ensure the safety of the child and others.

Appeals

In all cases involving suspension by the principal, the parent/guardians have the right of appeal to the Board of Management. Under section 29 of the Education Act, 1998, parents (or students who have reached the age of 18) are entitled to appeal to the Secretary General of the Department of Education and Skills against some decisions of the Board of Management including (1) permanent exclusion from school and (2) suspension for a period which would bring the cumulative period of suspension to 20 school days or longer in one school year. Appeals must generally be made within 42 calendar days of the date that the decision of the school was notified to the parents/guardians or student (see Circular 22/02)

Keeping Records

Students' behaviour is recorded on all annual and any other relevant school reports. Such records always include references to positive as well as negative behaviour.

Additional records of consistent misbehaviour may also be kept by the class teacher. All serious and continued misbehaviour will be reported to the principal.

- **Incidents of serious or consistent misbehaviour should be written in a factual and impartial manner and kept in the child's file or incident sheet.**

In line with the school's policy on record keeping, and data protection legislation, formal records in relation to students' behaviour are kept in a secure filing cabinet. Copies of all communications with parents/guardians will be retained in the school. Records of a more serious nature are recorded in a specific journal/incident sheet. All such records are retained until the pupil is 21 years of age.

ANTI- BULLYING POLICY

Our Anti – Bullying Policy should be read in conjunction with our Code of Behaviour.

Text of complete policy can be obtained from the school.

Rationale

The Board of Management recognises the very serious nature of bullying and the negative impact that it can have on the lives of students and is therefore fully committed to the following **key principles of best practice** in preventing and tackling bullying behaviour:

(a) A positive school culture and climate which

- *is welcoming of difference and diversity and is based on inclusivity;*
- *encourages students to disclose and discuss incidents of bullying behaviour in a non-threatening environment; and*
- *promotes respectful relationships across the school community;*

(b) Effective leadership

(c) A school-wide approach

(d) A shared understanding of what bullying is and its impact

(e) Implementation of education and prevention strategies (including awareness raising measures) that-

- *build empathy, respect and resilience in students and;*
- *explicitly address the issues of cyber-bullying and identity-based bullying including in particular, homophobic and transphobic bullying;*

(f) Effective supervision and monitoring of students

(g) Supports for staff

- (h) Consistent recording, investigation and follow up of bullying behaviour (including use of established intervention strategies); and
- (i) On-going evaluation of the effectiveness of the anti-bullying policy.

What is Bullying?

In accordance with the *Anti-Bullying Procedures for Primary and Post-Primary Schools* bullying is defined as follows:

Bullying is unwanted negative behaviour, verbal, psychological or physical conducted, by an individual or group against another person (or persons) and which is repeated over time.

The following types of bullying behaviour are included in the definition of bullying:

- deliberate exclusion, malicious gossip and other forms of relational bullying,
- cyber-bullying and
- identity-based bullying such as homophobic bullying, racist bullying, bullying based on a person's membership of the Traveller community and bullying of those with disabilities or special educational needs.

Isolated or once-off incidents of intentional negative behaviour, including a once-off offensive or hurtful text message or other private messaging, do not fall within the definition of bullying and should be dealt with, as appropriate, in accordance with the school's code of behaviour. However, in the context of this policy, placing a once-off offensive or hurtful public message, image or statement on a social network site or other public forum where that message, image or statement can be viewed and/or repeated by other people will be regarded as bullying behaviour. Negative behaviour that does not meet this definition of bullying will be dealt with in accordance with the school's code of behaviour.

Dealing with Bullying

The relevant teacher(s) for investigating and dealing with bullying in St. Ultan's are:

The class teachers initially

- Principal thereafter and as necessary
- All staff members, teachers, SNAs and ancillary staff are required to be vigilant at all times, and have a duty to report suspected and potentially bullying behaviour.

Prevention of Bullying

One of the main aims of St. Ultan's School as identified in our mission statement is the development of positive behaviours, social skills, respect and self-esteem. This is integral to our ethos and daily work and activities. In so doing, we will promote an affirmative school culture in which good behaviour is encouraged and bullying behaviour is discouraged. Appropriate supervision of pupils is in place at all times. Any complaints of bullying are dealt with quickly and fairly by principal and staff.

Students are advised that St. Ultan's is a "telling" school and that it is responsible behaviour to tell an adult that they trust immediately. Awareness of bullying as a form of unacceptable behaviour is addressed in the classroom, at school assemblies and on every other occasion that the opportunity to teach awareness and skills arises. Bullying is a topic covered as part of the SPHE programme. Safe use of the internet and how bullying might happen on social media sites and its consequences is also taught to older students.

Procedures for Investigating and Dealing with Bullying

The primary aim of the staff of St. Ultan's School when investigating and dealing with bullying is to encourage all parties involved to reconciliation and resolution the conflict as far as is practicable. We also believe that it is important to enable students to understand what bullying behaviour can look and feel like and how it can have negative consequences and impacts on the other person. It is also important to enable all students to develop positive behaviours and social skills

When a complaint of bullying is made or when bullying behaviour is observed the procedures for investigation, follow-up and documentation of the bullying behaviour are as follows:

Reporting

1. All reports, including anonymous reports of bullying, will be investigated and dealt with by the class teacher. Any student may approach any member of staff at any time if they feel they are being bullied. Students should report to members of staff if they feel other students are being bullied. Students may post a report in the confidential "worry or concerns box" in their classroom. Parents

should contact the school if they feel their child is being bullied or involved in bullying. Teachers, SNAs, bus escorts and ancillary staff must also report any incidents of bullying behaviour witnessed by them to the principal/deputy principal or class teacher. Members of staff should approach the principal/chairperson if they feel they are being bullied,

2. The teacher who receives the report of the bullying behaviour generally investigates the incident. However, if the students involved are not in his/her class, he/she refers the matter to the teacher(s) of these students. If the students are in different classes, the teachers of each class will investigate the matter. If the students are in the same class, their teacher will lead the investigation. He/she may request the assistance and presence of another member of staff in the investigation and interview process.
3. The primary aim for the teacher(s) in investigating and dealing with bullying is to resolve any issues and to restore, as far as is practicable, the relationships of the parties involved (rather than apportion blame)
4. In investigating and dealing with bullying, the teacher will exercise his/her professional judgement to determine whether bullying has occurred and how best the situation might be resolved. All reports of bullying will be investigated and dealt with by the teacher who will also report and discuss the matter with the principal
5. Teachers will use simple language and take a calm, non-confrontational, unemotional problem-solving approach in their investigations. Teachers will take into consideration all students understanding and concept of bullying, any language, communication, memory or recall difficulties that they might have. Ample time will also be given to all students involved to give their accounts. All interviews will be conducted with due regard to the rights of all students concerned.
6. Incidents will be investigated outside the classroom situation and to ensure the privacy of all involved.
7. The complaint will be investigated fully by the teacher by interviewing the students named and any others who may be able to provide information.

8. When analysing incidents of bullying behaviour, the teacher will seek answers to questions such as:
- *What happened*
 - *What were you thinking at the time?*
 - *Who has been hurt/upset?*
 - *How have they been hurt/upset?*
 - *What needs to be done to make things right?*
9. On occasions, it might be useful to allow students to write about or draw the incidents of bullying behaviour.
10. If a group is involved, each member will be interviewed individually at first. Thereafter, all those involved will be encouraged to meet as a group if appropriate. At the group meeting, each member will be asked for his/her account of what happened. At the group meeting, each member will be asked for his/her account of what happened so that everyone in the group gets an opportunity to make their statement and to hear all other statements relating to the matter. Each member of a group will be supported through the possible pressures that they may face from the other members of the group after interview by the teacher;
- If it is concluded that a student has been engaged in bullying behaviour, it will be explained to him/her that he has broken the school's Code of Behaviour. The teacher will talk through the matter with the student to help him/her to understand his/her behaviour, its' consequences and the impact it has on the person being bullied. The situation will be monitored closely following the investigation.
 - In cases where it has been determined that bullying has taken place parents/guardians will be informed at a very early stage and briefed throughout the investigation. They may be asked to come to the school to discuss the matter and work in partnership with the school toward a successful resolution, the restoration of the relationships and the development of positive behaviours for all parties involved.

Follow – Up

In determining whether a bullying case has been adequately and appropriately addressed the relevant teacher must, as part of his/her professional judgement, take the following factors into consideration

- Has the bullying behaviour ceased?
 - Have the issues between the parties been resolved as far as is practicable?
 - Have the relationships between the parties been restored as far as is practicable?
 - Is there feedback available from the parties involved, their parents/guardians/principal/deputy principal/other staff members
 - Follow – up meetings with the relevant parties (students, parents, and teachers) may be held if deemed appropriate and if the bullied student is agreeable.
-
- The most important outcome for all students involved in bullying situations is that they understand what bullying behaviour is and how it negatively effects people’s lives. This will be explained and discussed carefully with all involved students. Where sanctions are administered they will be line with the Code of Behaviour of the school. Where bullying behaviour reoccurs, further discussion, advice and guidance on how to behave will be provided for all students involved. In some situations, students with their parents may be asked to enter a behaviour contract with the school. This will be carefully monitored by the principal and class teachers
 - It will also be made clear to all involved (each set of pupils and parents) that in any situation where disciplinary sanctions are required, this is a private matter between the pupil being disciplined, his or her parents and the school;
-
- The school may seek assistance and advice from outside agencies if necessary, such as National Educational Psychological Service (NEPS), the National Educational Welfare Board (NEWB), Child and Adolescent Mental Health Service (CAMHS) and the HSE/Tusla.
 - Where a parent is not satisfied that the school has dealt with a bullying case in accordance with these procedures, the parents must be referred, as appropriate, to the school’s complaints procedures;

ADMINISTRATION OF MEDICATION POLICY

- If a child is taking medicine, please inform the school in advance. Any children showing illness should be kept at home from school.
- We do not have any trained medical personnel or staff in St. Ultan's. Our Special Needs Assistants (SNAs) and or teachers have agreed to administer necessary medication to a number of students with the approval of the Board of Management.
- Parents/guardians are asked to sign consent on the Enrolment Form granting the school permission to bring a child to the doctor/hospital for medical attention if he/she has an injury or accident and if the parent/guardian or other emergency contact persons cannot be contacted.
- Parents/guardians are responsible for ensuring that the medication is delivered to the school and handed over to a responsible adult and for ensuring that an adequate supply is available. If children are travelling by bus, parents/guardians are advised to give the medication to the driver or escort who will then hand it to a member of school staff. Please do not ask students to carry or deliver medication without discussing with the Principal.
- Parents/guardians are required to complete a Health/Medication section of the Enrolment Form in order to inform staff of any medical condition that their child may have. In the event that a child develops a medical condition at a later date following enrolment, parents/guardians are required to provide all relevant information as soon as possible.
- Where a child has a medical condition which may manifest itself whilst the child is at school, e.g. diabetes, epilepsy, parents/guardians must provide a clear description of the symptoms and the appropriate treatment to be followed afterwards

 - *A letter from the child's doctor outlining the requirement for and the name of the medication along with the instructions for the administration of the medication including time and dosage.*
 - *The completed indemnity form on page 7 of the yellow Enrolment Form.*
 - Where children are suffering from life threatening conditions, parents/guardians should outline clearly in writing, what should and what should not be done in a particular emergency situation, with particular reference to what may be a risk to the child.

 - *The completed indemnity form on page 7 of the yellow Enrolment Form.*

- If parents/guardians request that a staff member will use medical equipment in the administration of medication, e.g. inhalers, syringes, they must provide a demonstration of the use of such equipment. Alternatively, The Board of Management may request that an appropriately qualified medical person such as doctor, nurse provide a demonstration in the use of certain medical equipment and apparatus.

- Parents/guardians are further required to indemnify the Board and authorised members of staff in respect of any liability that may arise regarding the administration of prescribed medicines in school. The Board will inform the school's insurers accordingly.

- Changes in prescribed medication (or dosage) should be notified immediately to the school with clear written instructions of the procedure to be followed in storing and administering the new medication to be provided in a new letter from doctor.
